4.2.4 Percentage of per day usage of library by teachers and students:

The usage of library by the teachers and students are calculated using the data from the following for the latest Academic Year 2022-23

- 1.A-Library Student Entry Register
- 2.B-Library Teachers Entry Register
- 3.C-N-List remote Access (Usage statistics provided by INFLIBNET).

Method of obtaining data:

- Library Science department is maintaining the separate Registers for staff and student for marking the day wise visiting.
- Every one i.e., College staff as well students while entering into the Library they should write their details in the Library Register.
- The members of academia are given access to NLIST through login credentials, this enable them to use the resources in NLIST from their won respective places as well library cell INFLIBNET provides the usage statistics of NLIST.

The Average of Number of Teachers and Students using Library per day= $110+25+15$
= 150.

Percentage per day usage of library by Teachers and Students

=

$(\text{Number of Teachers and Students using Library per day}) * 100$

$\frac{\text{Total Number of Teachers and Students}}{\text{Total Number of Teachers and Students}}$

= $(150/988)*100$ Here Number of Teachers:64 and Students:924.

= 15.18%.

Note:

At the time of Examinations, Number of Visitors were very less.
