- It is resolved that best of two internals should be taken as Internal marks.

IN SEMESTER-III, THEORY PAPER-III

- ✓ It is resolved that the 4th unit is converted into 1st unit for maintenance structure of the syllabus
- ✓ It is resolved that the 5th unit is converted into 2nd unit for maintenance structure of the syllabus
- ✓ The sub-topics of unit-II, Precipitation, neutralization, complement fixation, hypersensitivity and autoimmunity are deleted due to heavy syllabus.

- ✓ It is resolved that 1st Unit is converted into 3rd unit to maintain the structure of the syllabus
- ✓ It is resolved that 2nd Unit is converted into 4th unit to maintain the structure of the syllabus
- ✓ The BOS panel resolved that topics of unit-4, Yeast, Filaria and house fly are deleted due to repetition.
- ✓ The panel members decided that the 3rd Unit converted into 5th Unit and *Aspergillus*, *Penicillium*, *Interferons* are deleted to maintain the structure of the syllabus.
- ✓ It is resolved that the topic- test for antibiotic susceptibility was included to gain the knowledge.

IN SEMESTER-IV. THEORY PAPER-IV

- ✓ It is resolved that Unit -1 has no changes
- ✓ It is resolved that the topic of the unit-2; basic concepts of fermentor defined is deleted because it is repeated.
- ✓ It is resolved that the unit - 5 is changed to unit - 3 for maintenance structure of the syllabus.
- ✓ It is resolved that the topics of the 3rd unit kinetics and methodology of batch, fedbatch, continuous bioreactors were deleted because these are repeated.
- ✓ It is resolved that in the unit - 4, microbial growth kinetics, citric acid and glutamic acid production were due to repetition.
- ✓ It is resolved that the unit - 3 is changed to unit - 5 for maintenance structure of the syllabus.

IN SEMESTER-IV. THEORY PAPER-V

- ✓ It is resolved that the topics of the unit 1, structure and organization of prokaryotic cell, Watson & Crick model of DNA were deleted due to repetition.
- ✓ It is resolved that 4th unit is converted to 2nd unit for maintenance structure of the syllabus
- ✓ It is resolved that the topics of the 2nd unit- cluster genes & the control of gene expression, trp operon were deleted because of heavy syllabus
- ✓ It is resolved that 2nd unit is converted to 3rd unit for maintenance structure of the syllabus
- ✓ It is resolved that 3rd unit & 5th units were converted to 4th unit for maintenance structure of the syllabus
- ✓ It is resolved that the topics of the unit 4, one enzyme and one gene one poly peptide hypothesis, types of RNA and functions, genetic code and structure of ribosomes were deleted due to repetition.
- ✓ In unit -5, the Basic principles of genetic engineering added to maintain the structure of syllabus.

IN SEMESTER-V, Pair A-Paper A1

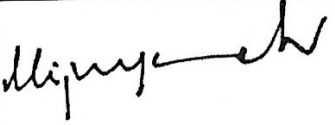

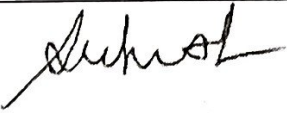

- ✓ It is resolved that Unit -1 has no changes
- ✓ It is resolved that Unit -2 has no changes
- ✓ In unit -3, Soil profile and micro-flora added to maintain the structure of syllabus.

- ✓ In unit -4, Biodegradable plastics, Management of soil biota for maintaining soil fertility were deleted and Bacterial canker, Bacterial wilt, powdery mildew, fusarium wilts was added To maintain the structure of syllabus
- ✓ In unit -5, Nutrient cycling was deleted due to Due to repetition

IN SEMESTER-V, Pair A-Paper A2

- ✓ It is resolved that Unit -1 has added with Covid-19, Pneumonia, Aspergillosis, Syphilis, Candida, Rotavirus, Trichomonas, to have advanced knowledge
- ✓ It is resolved that Unit -2 has added Corona virus to have a advanced knowledge and AIDS, nosocomial infection was deleted due to Due to repetition.
- ✓ In unit -3, Grams staining, colonization and growth, virulence, virulence factors were deleted Due to repetition and Due to heavy syllabus
- ✓ In unit -4, Precipitation was added Agglutination, ELISA, HIV, Typhoid were deleted To maintain the structure of syllabus, Due to repetition
- ✓ In unit -5, Epidemiological investigations was deleted due to Due to repetition

DEPARTMENT OF STATISTICS

BOARD OF STUDIES

2022-23

OBJECTIVE OF THE COURSE

Statistics is a key to success in the field of science and technology. Today, the students need a thorough knowledge of fundamental basic principles, methods, results and a clear perception of the power of statistical ideas and tools to use them effectively in modeling, interpreting and solving the real life problems. Statistics plays an important role in the context of globalization of Indian economy, modern technology, computer science and information technology.

The main objectives of the course are

- To build the basis for promoting theoretical and application aspects of statistics.
- To underline the statistics as a science of decision making in the real life problems with the description of uncertainty.
- To emphasize the relevance of statistical tools and techniques of analysis in the study of inter-disciplinary sciences.
- To acquaint students with various statistical methods and their applications in different fields.
- To cultivate statistical thinking among students.
- To develop skills in handling complex problems in data analysis and research design.
- To prepare students for future courses having quantitative components.

This course is aimed at preparing the students to hope with the latest developments and compete with students from other universities and put them on the right track.

BOARD OF STUDIES MEETING 2022-23
