Annexure-I

Library Management System (LIBSOFT)

Libsoft is multi user package designed and developed by a team of library professionals and software professionals for effective management of a library from different angles. This package has been designed to handle huge volumes at lightening speed thus saving manpower. Libsoft is Windows based software and it runs in any Windows environment and hence it has excellent Graphical user Interface. The Menu Interface has been designed to operate the software by use of mouse and other features of WINDOWS such as menu bars, Icons on tool bars, Scroll bars, buttons, list boxes, Function keys, etc. The software has been installed at many libraries, on windows environment and the software package has proved its efficacy in the management of Library over a decade.

FEATURES OF LIBSOFT:

- Absolutely user friendly software that requires minimum training. Simplified package, which requires minimum user interaction.
- Multi user package with database loaded in the server.
- The individual nodes across different departments can share the data from the server.
- Multi Center facility to combine 2 or more centers using single server.
- Interactive features for data handling i.e. Importing and Exporting data according to MARC 21 format between different libraries across different countries.
- Information resource retrieval protocols: Z39.50 supports information retrieval among different information systems.
- Functional Requirements for Bibliographic Records or FRBR supports to relates user tasks of retrieval and access in on line library catalogs.
- Dynamic backup support (Automatic) from server and client.
- Create/Modify/Delete different users (Password Protected), with restrictions set by the administrator at the time of creation.
- Generates Purchase Orders that can be sent by E-mail directly. The system keeps track of the items arrived as against the items ordered. Automatic tracking of items for ordered, received, reminders etc. Multiple Material (Books, Reports etc.) and Media (CD, Audio/Video cassette, Microfilm, Maps etc) cataloging, all in one place.
- Find & Replace facility for spelling correction.
- The background image of the software can be changed easily as and when required.
- Circulation can be done for 2 or more documents at a time with Bulk issue and bulk return for every member with single entry. Easy way to installation of Libsoft 9.8.0 with inbuilt security files.
- Announcements(News/Messages) will be displayed to all members in individual member web OPAC account.
- Members can check their transaction details(title of their transaction, due date, fine amount and reserved material details) through web OPAC.
- Simplified serials module with auto reminder. Semi-Automatic DDC (Dewey Decimal Classification) based Classification Number generation.
- Expenditure monitoring through budget control for user defined grants.
- Circulation with bar code interface wherein the user needs very few interaction with the system.
- Circulation settings for different materials with different cards and due days. Excellent multiple reservation facility to reserve the book which has been issued.
- Enhanced but Simplified search facility (Boolean search with like, =, <, >, <=, >= and <> conditions) to locate books, members, purchase orders and Vendors quickly, Transactions can also be searched.
